

KGTC Mentorship Program

KGTC is now taking applications for its Mentorship Program for 2019-2020. The program for new gifted educators pairs them with an experienced gifted educator from outside their district. The mentorship program winners also receive free registration to the 2019 KGTC annual conference held in October. ***At present we have still have openings for mentees in the program.*** The application deadline is Friday September 6 -- don't miss this opportunity!

While many new gifted educators have mentors in their school buildings, and within their district, we have found that a mentor from outside their district has proven invaluable for new ideas and different ways of accomplishing tasks and projects.

In addition, we are also looking for experienced gifted educators willing to serve as mentors. Our preference is for current KGTC members but we are open to applicants willing to start new educators off with words of wisdom and experience.
